

Our mission is to educate, innovate and offer the most advanced and comprehensive treatment options for hip pain.

Featured Comeback Story

We wish Reagan and all of our students a safe and healthy return to school! We will be rooting for you this season!

“I want to say thank you to Dr. Domb for helping me get back to normal with my hip surgery. All the pain is gone! I’m back to sports and I’m feeling great.”
- Reagan S

Tennis Player? Get Back on the Courts with Hip Arthroscopy

Hip Arthroscopy - A Treatment That Won't Slow You Down

Tennis is a great sport for all ages and abilities. If you are staying off the courts due to a hip injury, hip arthroscopy may be a treatment option that can get you back in the game.

[Learn More](#)

Did you know that research in athletes shows that 93% improved following a hip arthroscopy with 76% returning to their sport without any symptoms or restrictions?
